Open Enrollment for the 2022-2023 School Year

State law now requires us to post the number of spaces available in each school by grade for the District's open enrollment period. A reasonable number of seats must first be reserved for students who move into that school zone and students who have a parent/guardian employed at that school. During this time, a parent/guardian may request that his/her child attend a school within the district other than the one to which the child is zoned.

Below is the information on the Open Enrollment spaces available at each school by grade level for those student who do not live in that district. The Open Enrollment Period for the 2022-2023 school year will be from 7-18-2022 to 8-12-2022. Please contact Angie Wills, Elementary Supervisor, at 423-727-2640 if you would like for your child to enroll in a school that is outside of your district. Once accepted, the student shall provide his/her own transportation to and from school. The student must maintain satisfactory attendance, behavior, and effort to remain in the new school.
